		Attachment 18-CoSC Master Software List	<p>Discussion Tab, section 2.2</p> <p>Amendment 0005: "The CoSC Master Software List provides a listing of all software that currently exists in the CoSC/NMCI environment and assignment of functional owners by NGEN segment. The list contains functional description, number of licenses currently in use, and additional Government access needs. It also identifies licenses which will be provided to the Contractor(s) as GFP, licenses which are available as GFP, and licenses which will not be provided as GFP. If the Contractor (s) opts to use licenses which are available as GFP, they must procure/provide associated maintenance agreements (if available)."</p> <p>Amendment 0010: "The CoSC Master Software List provides a listing of software that currently exists in the CoSC/NMCI environment, to include (1) incumbent reported commercial off-the-shelf (COTS) software and (2) validated non-COTS applications and descriptions for which the Government has GPR. Additional non-COTS applications for which the Government has GPR which have not been validated can be found in the Technical Data Repository (TDR). Each application listed includes an assigned functional owner by NGEN segment. The list contains functional description, number of licenses currently in use, and additional Government access needs. It also identifies licenses which will be provided to the Contractor(s) as GFP, licenses which are available as GFP, and licenses which will not be provided as GFP. If the Contractor (s) opts to use licenses which are available as GFP, they must procure/provide associated maintenance agreements (if available)."</p>
