

**RFP N00039-16-R-0030**  
**Questions and Answers, dated 6/24/2016**

Question Number	Submission Date	Question	RFP Reference (if provided)	Answer	Date Posted to E-Commerce
1	6/20/2016	What is the closing date for receipt of proposals for the project?	L-317, Submission of Proposals: 1.1 Date and Time of Receipt of Offers	<b>The due date for proposals is July 18, 2016 at 5:00 PM (PDT).</b>	6/24/2016
2	6/23/2016	The clauses at L.3.2.14 (Purchasing System) could be interpreted to mean that each offeror must have an approved Purchasing system at time of proposal submission. The 541614 NAICS code encourages participation by highly capable small business primes that have approved accounting systems as well as expert level knowledge of Cost Estimating and Purchasing, but they may not have passed the revenue thresholds that would necessitate either Government review (DFARs 252.215-7002 and DFARs 252.244-7001). Is it the Government's intent to require that each offeror have approved Estimating and Purchasing Systems at time of submission of proposals or within a stated period at or following award as the result of a review of each system?	L-317, Submission of Proposals: 3.2.14 - Purchasing System	<b>No, it is not the Government's intent to require that each offeror have approved Estimating and Purchasing Systems at time of submission of proposals.</b>	6/24/2016
